

Tonight at Brownies we're having a General Election.

In your six you need to think of the following

- A name for your party
- Think about Education, health, pollution, taxes. What is important to your party?
- When you want to change something, how will you raise the money to pay for it (like if you put more money into education)?
- What kind of things will you get rid of and why?

We would like you as a six to present a two minute Party Political Broadcast.

When you have presented your Broadcast (the leaders will do one as well) we'll all get to vote for the Party we think should lead the 6th Carshalton Brownies General Election (for one week only)

Have fun!
